

 <p>“Health and Safety Standard”</p>	<p>Document #: HS-CP1</p> <p>Revision#: 2</p> <p>Revision Date: May 1, 2019</p> <p>Approved By:</p>
<p>“Contractor Policy”</p>	<p>Page 1 of 1</p>

PURPOSE:

The purpose of this Standard is to provide a safe and healthy work environment for all workers, contractors, and their employees.

SCOPE:

This Standard applies to all contractors and their employees, who are required to work on-site at Horizon Plastics International Inc.

POLICY:

Contractors and their on-site workers are required to complete and sign the “Contractor Orientation Package” (attached) before starting any work on site.

ROLES AND RESPONSIBILITIES:

Contractors:

Roles and responsibilities are defined and described in the Contractor’s Orientation Package.

Horizon Plastics Contact Person:

Ensure contractors comply with all the requirements defined and described in the Contractor’s Orientation Package.

Joint Health and Safety Committee:

During workplace inspections, may audit this program for compliance.

TRAINING AND IMPLEMENTATION:

Contractors, sub-contractors, and their workers will be trained in this program and the company orientation prior to commencing on-site work.

REVIEW:

This procedure is to be evaluated annually. Success will be determined by the degree to which contractors working on site have received and have complied with the Contractor Orientation Package, including WSIB clearance certificates and proof of adequate liability insurance.

ALL CONTRACTORS MUST WEAR REQUIRED P.P.E. IN THE FACILITY AT ALL TIMES
